THE ROCKEFELLER UNIVERSITY

1230 YORK AVENUE · NEW YORK, NEW YORK 10021

March 5, 1985

Dr. Joshua Lederberg
President
The Rockefeller University

Dear Josh:

Enclosed is the information on Thomas Waldmann. I shall proceed to contact him regarding an exploratory first visit.

I thought you might be interested in a list of those whose names were considered by the committee in addition to Waldmann.

Hugh McDevitt, Stanford
Alan F. Williams, MRC Unit Oxford
Philippa Marrack, National Jewish Hospital and
Research Center, Denver
Jon Lindstrom, Salk Institute
Mark Davis, Stanford

These six were at the top of our list and the committee requested an indication of their possible interest in being considered for a position here. McDevitt and Waldmann were our first two choices. McDevitt, Williams and Marrack indicated that they were not interested in being considered.

Others that were considered were: J. Sprintz, D. Wilson, E. Reinertz, W. Paul, S. Schlossmann, N. Klinman, T. Ishizaka, L. Herzenberg, K. Rajewsky, K. Smith, L. Hood, S. Tonegawa, T. Mak, D. Capra, M. Scharff, H. Colten, D. Sachs, and M. Gefter.

I shall let you know the results of my contact with Waldmann.

Yours sincerely,

Purnell W. Choppin
